SIRONA INLAB

HOW TO SEND CONNECT CASES!

October 9, 2014

1. When scanning in the CEREC Connect SW it is the same process as in the CEREC SW. Once you have added the patient's info:

2. Choose whether it is a "Single Restoration" or "Bridge Restoration"

3. Choose the "Tooth #'s"

1. Choose whether it's a:

2. Crown or Inlay/Onlay Full Contour

3. Crown Veneered (PFM, PFG, PFZ)

1. Choose Material

1. Choose what shade you would like

1. Choose a stump shade if needed

1. Now that everything has been chosen, you are ready to scan.
   Remember you can always go back and edit before sending it
   to the lab.

1. Scan:

2. Lower Jaw

3. Upper Jaw

4. Buccal

5. Add Category if needed:

    A. (Bio copy, Bio reference, etc.)

1.   Choose your margins

1. Now you are ready to send to your favorite CEREC Lab:
   A.   Username

   B.   Password

   C.   GO!

1. Check your order information

1. Choose Lab

2. Choose return date and time

1. Choose gender

2. Choose age

3. Type additional info

4. Add additional files as needed

sirona.

1. At this point the Case has not been sent to the lab yet. It's only in your order cart!

2. Always make sure you "Click the Submit Case" to send to lab! They will never know that a case is pending if this step is forgotten.

sirona.

1. Once "Submit Case" has been chosen. You must Verify your "Username" and "Password"

2. Click OK. All Done!
